

Contineo is a Healthcare IT consulting firm providing EMR implementation and optimization services to health systems as they position themselves for the emerging models of population health.

Contineo has expertise in Epic Enterprise BI and provides full lifecycle implementation, consulting, staffing and managed services in Epic BI/Reporting (Clinical, Revenue Cycle, Practice Management, Ancillaries, Regulatory and Population Health). We also have a strong practice in Caboodle DW, Clarity ETL, Data Integration, Visualization and Analytics domains.

Revenue Cycle BI

Custom reports to identify revenue loss and enable revenue cycle optimization

- ❖ Missing Charges and High Charge Lags
- ❖ Bad-Debt Collections
- ❖ High Denial Rates
- ❖ Charge KPI Metrics to identify lost revenue

Clinical Quality Measure Reporting and Validation

Custom reports and workflows to ensure CQM attestation

- ❖ MU, MACRA/MIPS
- ❖ DSRIP, UDS, JCAHO and State
- ❖ PQRS, HEDIS

Caboodle/Cogito Implementation

- ❖ Scope and hardware analysis for Caboodle
- ❖ Legacy Data Extraction, Conversion and Integration
- ❖ Caboodle Implementation along with Slicer Dicer
- ❖ 3rd Party data migration (MSSP, Press Ganey, etc)
- ❖ Testing, validation, training and documentation

Certified Epic BI/DW Services:

- ❖ Epic Clinical and Financial Reporting (Clarity, RWB, Chronicles)
- ❖ Epic Caboodle (CDW Star), Clarity ETL
- ❖ Epic Radar, Slicer Dicer, Tableau & Qlik
- ❖ SQL SSRS, SAP BO WebI and Crystal

Strategic Consulting:

- ❖ Data Governance and Stewardship
- ❖ EMR Data Quality
- ❖ Metadata/Business Glossary
- ❖ Report Prioritization
- ❖ Epic BI – SAP Data Strategy

Analytics:

- ❖ Patient risk stratification models (Re-admission risk for CHF/Sepsis)
- ❖ Utilization Management
- ❖ Medication Adherence
